

## Crimes of Violence

Again crimes of violence are hitting the news, and it's high time that some effective action was taken to remove this scourge from the life of the community. The fault of these outbreaks lies in two major weaknesses, which must be put right.

One is lack of sufficient police and two is the failure of present sentences to act as a deterrent.

The police in Edmonton are doing a good job as far as their small number enables them to do. However, for a city having nearly 140,000 inhabitants, our police force is pitifully small. In 1920, there is only one effective uniformed constable for every 1,200 of the population, and, unlike most cities, Edmonton covers a very large area.

It is quite impossible for this small force to be everywhere at once. As a result, large areas of the city get infrequent visits from the police. Crooks know this, and they will and generally have plenty of time to carry out their nefarious deeds without fear of being disturbed.

If the women and children, and the old folks of this city, are to receive the protec-

tion they should have from the savage attacks of sex maniacs and cowardly thieves, our police force must be increased immediately. To achieve this most must not be allowed to stand in the way.

As far as sentences go for those guilty of these foul outrages, there should be a return to the more solid and understandable treatment meted out in the good old days.

By this we mean, a little less of the being pushed forward today as the cure-all for crime, and a little more of the good old-fashioned cut 'o' nine tails. Friends who murder old folk, rape women and assault little children cannot be appealed to by normal methods. In any case they are not worth saving, and the chances are that if you deal with them as they deserve, it will act as a warning and deterrent for future evil doers.

Edmonton is a boom town just now, and, as such, it will attract many bad characters on the run from somewhere else. If they know that they can expect no mercy here, they will think twice about coming, and that is just what we want them to do.

## Prime Insurance

Prime Minister Louis St. Laurent has given the nation his views on the question of social security. It is good to know that the Prime Minister is in favour of a measure of insurance against bad luck and as a reserve in old age.

Social insurance, he is happy to call it, is a most desirable thing as long as it does not lead to general slackness and loss of initiative.

## Airplane Safer Than Automobile

Air accidents always strike horror into one, whereas death and injury on the highways are apt to be accepted as a necessary part of everyday life. The expected occurrence of one death in 100,000, therefore, it is most interesting to study the statistics produced by a well known airline in the U.S.A., which contends that travel by air is safer than travel by automobile.

According to their figures, a person can fly 1,000,000 miles a year for 100 years before running a fatal airline accident. This would mean that, at the average cruising speed of 200 miles per hour, he

It is right and proper that those in real need should be taken care of, but there is always the danger that the thought of too much security might lead a nation to forget thriftiness.

A country thrives on the initiative of its people. Nothing should be allowed to interfere with this most natural state of affairs.

## Edmonton's Big Laugh

Edmonton jumped ahead last week into the really big city bracket by winning its appreciation of the Tommy troupe. After those two performances there can be no possible doubt that we need a success in our entertainment life. On both occasions the audience responded to the acts like a first night gathering in New York or London, and the evidence that the artists themselves were overcome by the spontaneous and appreciative reception that was accorded

would fly 208 days and nights each year for 300 years.

In other words, a person born aboard a commercial airliner, and flying on it every day of his life, would have a life expectancy of fifty-seven years.

Attention is drawn by the same airline company to the fact that the insurance companies with all their vast knowledge and statistics on risk, charge no more for airline trip insurance than for rail or other surface transportation.

With aircraft becoming more and more popular as a means of passenger transportation, it is comforting to be given some actual facts about their safety.

From first to last the crowd roared its delight.

Such an audience deserves better surroundings to enjoy itself in.

Success will mean a steady procession of first class shows from now on, something had better be done quickly to provide more room and better conditions than existed on the occasion of the first night.

The alternative is, for Edmonton to create the impression of being a third rate city among world artists.

## ON THE RECORD

## Russ Use Initiative in Reich

In the initial actions of the Eastern German government the great surprise was its declaration of neutrality to relations with the Western German government, to which little attention has been paid in this country.

President Pieck, president of the German republic, in taking the oath of office said, "I declare that the German people are not divided, and that the German republic is one and indivisible." This statement was a surprise to many, who had expected each of the two governments to recognize each other as a separate entity.

THOMPSON  
The question of whether they will jointly take up the fight for national autonomy, self-determination, freedom, and its unity. Pieck declared it possible for the German people to conduct the same fight for the restoration of national unity.

This country, unopposed in the view of the above which the Communist press has shown on West German officials, has been surprised by another move also surprising to the western newspaper forces.

Grotewohl, premier of the East German government, said at a press conference that his government is not interested in a separate peace with the Russians, but only in a "all-German peace treaty," adding that Russian troops would be sent to the east after the conclusion of such a treaty.

In recent weeks the opinion has been circulated in London and Washington, that Russia contemplated making a separate peace treaty with the Eastern Germans and withdrawing.

This column, however, has always held it to be so unlikely that Russia would ever withdraw from Germany, even as or when all occupation forces withdrew.

## Germany is Great Stake

Germany is Russia's greatest potential stake in Europe. If she it, she has defeated both the Marshall Plan and the Atlantic Pact.

By withdrawing, depending for the future upon a Communist government controlling only about a fourth of the German population, would never cross the Kremlin's mind. The Russian factor is far more intelligent, it

has been to put the German Communist party and East German government forward as the liberators of the German people.

The German republics have had an immediate and inevitable response. Josef Mueller, leader of the German republic in Bavaria, is a deputy minister-president, and a highly able politician.

He has declared himself as an understanding between Eastern and Western Germany, proposing the creation of a "coordinating body," to deal with economic questions, as a first step.

THOMPSON  
The German republics are forces originally reacted to the Eastern Government as though it were of little significance. The American high commissioner, John T. McCloy said (much too early) that the United States "would not try to match Russian moves."

But what neither the Americans, British nor French seem sufficiently realize is that with the creation of German governments the German people would not be left the power to control their own fate.

## West Placed On Defence

The Russians have not lost the power of analysis. More than four years after the war the Germans want, above all things, peace, and the end of the occupation.

The Russians have allowed and encouraged German Communists to lead the German people, while we have branded this, which is natural and normal to every man, as a "German peace treaty," and while France and Britain have failed to use the offer of all the leading non-Communist German parties, and German sovereignty in a united people.

In making its first act a call for cooperation with the western governments, the German people have made a brilliant intelligent move and confronted the western occupation forces with a political problem of the first order.

At the first meeting of the first week, Mr. McCloy's military unilateral statements of policy made while any Communist force was in Germany and French, have

seriously disturbed three-power relations.

What do we contemplate as a German peace treaty? At the Herald Tribune Forum, Gen. Lucius D. Clay recommended the rejection of the German peace treaty, and formulating that hampers initiative and encourages delay.

A greater production came into existence it would be difficult to find. The high producing and the high producing, however, would not be penalized as he is by both the Canadian and the American. He would be allowed to place his profits into the industry and make it more efficient.

## The Timid Soul

AFTER WALKING PAST THE CONTINUED-IN-OUR-NEST SIGNS, MR. MILQUETOAST FORGETS THE NAME OF THE PRODUCT AND RETURNS TO REFRESH HIS MEMORY

## Letters to the Editor

Please, Mr. Scott, "Grow Up"

Editor, Bulletin.—Poor Jack Scott in his letter called him enough or feed him. He says, "In my days as a city editor, I was the editor of the 'Edmonton Bulletin' I wouldn't be a subscriber."

One cannot help but notice the picture of a very young and immature-looking person on the right hand side of the editorial page each day. Unfortunately I just happened to read his "rambling" and "incoherent" letter.

Being a professional woman, not a man, therefore, only capable of operating "with less than 75% masculine efficiency" I will not be bothered by Mr. Editor, that you tell Scott to either grow up or shut up.

(Mrs.) E. M. FINLAYSON  
Penoka, Alta.

## Income Not Ample

Editor, Bulletin.—I am glad to read in his letter headed "Distribute in Abundance" Mr. Menzies seems to be getting a partial recognition of the truth as the Social Credit conception, when he admits, quote:

"Maybe the problem is one of distributing an abundance of dollars among a sufficient number of effective consumers."

However, he is still mistaken when he refers to the "ample national income." It is not ample. It is shown by the Dominion Bureau of Statistics figures to be deficient.

The remedy of distributing enough dollars to the consumers is exactly the Social Credit policy. It would also reduce taxation so as to encourage industry and production and remove all barriers and form-filling that hampers initiative and encourages delay.

A greater production came into existence it would be difficult to find. The high producing and the high producing, however, would not be penalized as he is by both the Canadian and the American. He would be allowed to place his profits into the industry and make it more efficient.

## Trivia

Lead, the traditional beverage of northern Europe, is being replaced by coffee in the north of England. Lead will soon be available for North Americans.

What do we contemplate as a German peace treaty? At the Herald Tribune Forum, Gen. Lucius D. Clay recommended the rejection of the German peace treaty, and formulating that hampers initiative and encourages delay.

A greater production came into existence it would be difficult to find. The high producing and the high producing, however, would not be penalized as he is by both the Canadian and the American. He would be allowed to place his profits into the industry and make it more efficient.

## Looking Backward

Europe must be judged in its light. . . .

## 1929—20 Years Ago

Work is being rushed on the Regina-Lake railroad. Grading is nearly completed to Saskatoon, while steel has been laid up to 50 miles out of Regina.

## 1899—50 Years Ago

Robert Douglas, arrived from Winnipeg five days ago, and will go into business with his brother James in Strathcona.

Rev. Alastair MacDonald was elected moderator by the Alberta Baptist Association.

## 1909—40 Years Ago

Effort was being made to develop a uniform system of normal training for teachers in the three prairie provinces.

The commented the Bulletin in an editorial.

"Such a step is necessary if education is to be a force for progress in the west."

## Devaluation In Britain

Editor, Bulletin.—The following ever from a London newspaper publication, of recent date, may help to throw some light on the whereabouts of the British government's action in devaluing the pound sterling.

"Now that we have recovered from the 'shock' of the £ being devalued, our £1 is dollar currency we may take stock of the situation and how it affects individuals. For the present, at least, we are not likely to be in these cases there is no point in relying upon state publicity, because such a driver may be

should cost no more. Why, then, did the government devalue?—To avoid a disaster, it is assumed that, as the American and Canadian currencies are stronger than before, there will be a profit in the dollar when we buy our goods from the United States."

At the same time as efficiency increased, Social Credits would spread his profits in the form of lower retail prices among the consumers. Hence, purchases made by the goods they had helped to produce, this way production and consumption would run a neck-and-neck race with absolute freedom.

By contrast, socialism, with its directives, controls and police manœuvres of the financial system discourages production and puts a fear complex on the individual and investor. Although the people may struggle manfully against its influence, it would result in a technique of discouraging production and result in a laziness, apathy and indifference that will lead to the state for sufficient sustenance.

Under such a system it would not be long before we had food rationing in Canada. Mr. Menzies makes the mistake of assuming that the only way to correct a deficiency of purchasing power is to redistribute it. Such a move would not increase it and the real remedy is to bring retail prices down until the total production of the people can be bought with their purchased money.

## Many Unaware Repairs Needed

Many drivers are not consciously negligent in this. There are many driving defective cars who would have them fixed if they realized that they were driving a defective car. That is just another of the things discovered in this Saskatchewan test. Many drivers who had their cars tested were quite confident that they would be found in perfect condition. They were shocked to discover that they were driving with defective steering, brakes or tires. They would not give them the control they could have if the brakes were properly adjusted. There are three cases there is no point in relying upon state publicity, because such a driver may be

should cost no more. Why, then, did the government devalue?—To avoid a disaster, it is assumed that, as the American and Canadian currencies are stronger than before, there will be a profit in the dollar when we buy our goods from the United States."

## Compulsory Test Of Cars Necessary

## Of Cars Necessary

The official publication of the Saskatchewan government reports that spot checks were made in which automobiles at scattered points in the province were checked. The results of these tests indicated that 80 per cent of the automobiles on the Saskatchewan highways were defective with respect to lights or brakes or steering.

Since each of these is vitally important for safe driving it means that 80 per cent of the automobiles were unsafe to use to a greater or lesser degree, unsafe to be on the highway.

## Science Winning Drive on Cancer

### Two Rare Hormones Prove Effective Against Disease

Medical science is winning battles in the fight against cancer, as the following dispatch the *United Press* reports one of the most recent victories. The use of two hormones—Cortisone and Acth—in some cancer cases does not mean that a "cancer cure" has been found, the doctors emphasize, but it does indicate that every year medical science is coming closer to the answer.—Editor.

By Paul F. Ellis  
United Press Staff Correspondent

NEW YORK, Oct. 31.—(UP)—The battle against cancer took another optimistic turn today in disclosure that two rare hormones had caused a regression of tumors in some types of the disease.

The new hormones are cortisone and acth, already effective in the treatment of rheumatoid arthritis and rheumatic fever. A "medical wonder" that may equal the discovery of insulin for treatment in diabetes.

Cortisone is a hormone that comes from the adrenal glands which are located atop each kidney. Acth—abbreviation for adrenocorticotrophic hormone—is a hormone of the pituitary gland which apparently stimulates the adrenals to manufacture cortisone.

#### SOME FAILURES

The report of the experimental use of the hormones in cancer cases came from a team of scientists of Memorial Hospital for Cancer and Allied Diseases, at the Cancer Institute, the American Cancer Society yesterday. The doctors emphasized that the hormones had been used in only eight cases, and that in two there was no effect.

The tip, if approved by King George VI, will start an official state visit to Canada and wind up as a private visit to the United States. Margaret may go first to Canada in July to attend official celebrations of the Highland Light Infantry of Canada. She is a colonel-in-chief of the regiment.

An invitation asking the 39-year-old Princess to attend a ceremony in which the regiment will receive the freedom of the City of Preston, Ont., was received early this year. The ceremony will be held next July.

#### PROBABLY SEE ARIZONA

The King and his counselors now are considering granting Margaret permission to attend a formal announcement regarding the Princess' proposed visit to the United States.

It is certain that Margaret, if she does visit North America, will spend part of her time at the Arizona ranch of U.S. Ambassador Lewis Douglas and his family. Sharmar Douglas, the ambassador's pretty blonde daughter, is one of Margaret's best friends. Sharmar has been pressing Margaret to go to America ever since the two girls became fast friends. And Margaret in turn is pressing her father for permission.

other, spreading cancer of the breast, avoiding no appreciable benefits from acth.

The first use of cortisone for the treatment of arthritis was reported last April by doctors at Mayo clinic, Rochester, Minn., and since then there have been other reports of startling success with the hormone.

At the time, it was speculated that the hormone would have value in cancer work as well as in other degenerative diseases, perhaps hardening of the arteries.

The "catch" to the good news, however, is the fact that cortisone can be made only in extremely small amounts, and it is almost as difficult to isolate acth from slaughtered animals.

Cancer experts at the meeting here emphasized that the new development was not a "cancer cure" or "even a treatment," but that discovery of its possibilities opens up a broader approach to the whole cancer problem—and to health in general.

### Fake Or Revolver Aids \$25 Holdup

VANCOUVER, Oct. 31.—(BUP)—In the fourth holdup in Vancouver within a week, two thugs held up and robbed gas station attendant Ernie Simpson of \$25 Saturday night.

No gun was seen but Simpson told police one of the bandits simulated a revolver by putting his hand in his pocket.

**REFUSING ROYALTIES** on her new book, "Gateway to Romance," British author Frances Dale says story was dictated to her by ghost of priest who died nine million years ago on lost continent of Atlantis. Talking with publisher Andrew Daker is 40-year-old author.

## Margaret Plans Visit To Canada in July

By Geraldine Hill

LONDON, Oct. 31.—(BUP)—Buckingham Palace sources said today that Princess Margaret may visit Canada and the United States next summer.

### Alberta Dean Is Appointed To Hamilton

MONTREAL, Oct. 31.—(CP)—Rev. W. E. Jackson, rector of the Church of St. James the Apostle here, has been appointed dean of the diocese of Niagara and rector of Saint Church Cathedral in Hamilton, Ont., Church of England authorities announced today.

A former rector of St. Stephen's Church in Calgary and dean in Alberta rural districts, Mr. Jackson was appointed rector of St. James the Apostle parish in May, 1944.

### Shot Is Fired During Struggle

WINNIPEG, Oct. 31.—(CP)—A man was arrested outside a large downtown department store just closing time Saturday shortly after a fire was started. No one was injured.

Police said a store detective suspected the man of shoplifting and approached him. A struggle which followed moved out onto the street where the shot was fired.

## Alberta Seen Equal Of Texas in Oil, Gas

MONTREAL, Oct. 31.—(CP)—New discoveries of petroleum and natural gas in Alberta, promise to make the province the equal of Texas as a source for these products, Trade Minister Howe told the American Society of Tool Engineers Saturday night.

In reviewing Canada's "prospects, oil, well-balanced and booming economy," he mentioned the titanium discovery in northern Quebec. He said that a new oil pipeline is being constructed from Alberta to Lake Superior. Plans are under way for a gas pipeline from Alberta to the west coast.

In referring to Quebec titanium discovery, he said "as all important source of high strength alloys has been opened upon this boundary between Quebec and Labrador, which rivals in magnitude the Mesabi deposits in Minnesota."

The average length of a thread furnished by a single silk cocoon is 900 yards.

**RECORD INVESTMENT**—Mr. Howe said 1949 capital investment in Canada will reach a record of \$3,200,000,000 this year representing "the highest rate of new investment in proportion to population."

## Public Meetings

Have been arranged as under for candidates for Mayor, Aldermen and School Trustees in the Civic Elections, Wednesday, November 2nd, 1949.

Monday, October 31st

Memorial Hall (Macdonald Drive, 100 Street)

Meetings Commence Each Night at 8:00 o'clock

G. S. DOCHERTY, City Clerk and Returning Officer.

## JOE IS RETICENT

### Russ Call Tito Dwarf, But How Tall Is Stalin?

LONDON, Oct. 31.—(AP)—Does Stalin dwarf Tito? Moscow's radio raised the question when it called Tito "an insolent dwarf." Now Madame Tussaud's famed London waxworks would like to know if it's really true.

In Tussaud's collection of prominent figures in wax, Prime Minister Stalin stands five feet,

eight inches tall, with Premier Tito half an inch shorter. The waxworks is sure of Tito's measurements—it supplied them and sent along a uniform of his own to claim the figure. But Russian officials refused all information when Stalin's likeness was modelled in 1936.

Randolph S. Churchill, son of Winston Churchill and a wartime

## U.S. Railway Runs In Red

PHILADELPHIA, Oct. 31.—(AP)—The Pennsylvania Railroad announced its net income tumbled into the red for the first nine months of 1949 largely due to the coal strike and a recently-installed five-day work week for its employees.

The largest railroad in the United States yesterday reported a deficit of \$1,573,835 for the first nine months from January to September this year as compared to a net income of \$20,411,136 over the same period last year.

# Afraid of CBC, Private Radio Says

## All Owners Look In Fear Over Shoulders At Federal Body

By C. F. Moriarty

VICTORIA, B.C. Oct. 31.—(CP)—M. V. Chestnut, manager of radio station CJVI at Victoria, told the royal commission on arts, letters and sciences yesterday that he was afraid of the CBC.

He said he was "afraid to criticize the government" lest he be forced off his frequency or otherwise punished.

The statement followed submission of his brief to the commission sittings which concluded yesterday and saw him to Calgary.

Peter Wright, commission counsel, asked him if CJVI had an editorial policy, apart from news coverage.

He replied that a "frank editorial policy" was most desirable but that he was afraid to have one.

**LOOK OVER SHOULDERS**  
Referring to private radio station operators in general, Mr. Chestnut declared:

"Every action they take, they're looking over their shoulders at their masters."

"Do you really believe that the CBC take you off your own air wave length?" asked Mr. Wright.

"I do believe it," was Mr. Chestnut's reply.

The commission counsel then asked if Mr. Chestnut thought a separate, regulatory body, similar to the board of transport commission, would not be the same.

Mr. Chestnut replied that "security of tenure of such a body" would make it different.

In addition to his brief, the Victoria Arts Centre delegation urged that the CBC become entirely non-commercial.

**"NO INTEREST IN TELEVISION"**  
A. D. Dutton, chairman of the board of governors of the CBC, said in an interview there has been a marked lack of interest on the part of private operators in establishing television transmitting stations in Canada. He attended Commission hearings here.

He attributed lack of interest in part, to lack of understanding of the extent to which CBC has developed its TV policy.

Application for a \$4,000,000 loan to CBC is before parliament.

He said if the loan is approved, CBC will set up video production centres and transmitters in Toronto and Montreal, to supply programs directly to surrounding stations.

In addition, programs will be required to be made by any other existing stations in Canada.

But, he said, so far only one private operator has applied for permission to build a TV transmitter. He is Bill Rea, of KCMV, at New Westminster, B.C.

"CBC will be on the air with television shows in a year to a year and a half," Mr. Dutton said.

"Of course, television is a tremendously expensive proposition, but we're authorized to subsidize private stations by supplying them with shows."

**Thanked For Skirt**  
HECLA, Man.—(CP)—Some years ago Mrs. Chris Tomason donated clothing for European relief. She turned a skirt and a blouse into a gift.

Recently she received a letter of thanks from a Polish woman, who said the skirt, given as a gift, had found its way into a Polish store and was sold to the woman.

**ONE GROWER IN THE YEN VALLEY** who gave his wheat crop two sprayings this year said his hops were entirely free of the aphid. The cost was less than that of three treatments with nicotine and he had the cleanest growth in memory and a heavy yield—2400 pounds to the acre in one field.

Growers here suggest that if the aphid does carry the deadly mosaic virus, the new insecticide may be the means of eradicating that disease which for 20 years has been destroying the fine Golding hops which this section of England is famous.

In primitive times, shell, wood, flint and bone materials were used to fashion spoons.

## Noted Alta. Pioneer Dies

VICTORIA, B.C. Oct. 31.—(CP)—Charles A. Magrath, prominent for half a century in Canadian business, politics and war-time aid, died here yesterday.

He was born in 1878. He was mayor of Lethbridge, Alta. in 1921 and a member of the territorial legislature for the North West Territories from 1922 to 1923.

That same year he became a member of parliament for the Alberta riding of Medicine Hat.

A member of the international joint commission from 1911 to 1913, he was appointed Canadian section chairman and served until 1925.

Other activities included the chairmanship of the Ontario Hydro Electric Commission from 1925 to 1931 and a member of the Newfoundland Royal Commission of 1932.

Mr. Magrath came to Victoria in 1937. His wife pre-deceased him several years ago.

**Blind Home Opens**  
CALGARY, Oct. 31.—(CP)—More than 10,000 persons joined the new Canadian National Institute for the Blind service centre yesterday when the CNIB held open house. The building was officially opened Saturday.

# Inside Hollywood

By Bob Thomas

**HOLLYWOOD—(AP)—**The latest thing on the exploitation front in Hollywood is "beefcake," the exposure of famous male frames. And what do the glamor girls think of it?

This male counterpart of cheesecake has been much in the movie news lately. Beefcake pictures of Alan Ladd, Richard Conte, Victor Mature, Kirk Douglas, Robert Ryan, Les Baker and others have been widely circulated to help advertise films.

The question: Are the female stars concerned about the men muscling in on their territory? I mentioned this to a number of actresses who they feed about beefcake. The replies:

Ava Gardner: "It's a good idea. I imagine if they showed Montgomery Clift that way! Really, though, I don't think it will replace cheesecake. Women like men's minds."

Jean Crawford: "Why not? I think it's about time men were given the chance to get in on cheesecake."

Ella Raines: "Beefcake doesn't improve me. But if the men want to expose themselves, let them."

**MIND OVER MATTER**  
Jeanne Crain: "Frankly, I think Alan's in a very mild mood that makes him attractive."

Pat Neal: "It's lovely."

Victor Mature: "I guess it's okay for those men who have builds like mine."

The Welsh people are descended from the ancient inhabitants of Britain, who were established in the country before the Norman conquest.

# British Crystal, China Demand Behind Supply

By H. L. Jones

LONDON, Oct. 31.—(CP)—Deep in the heart of industrial England are two centuries-old craft industries with a problem unique in export-conscious Britain today: how to meet overseas demand for their products.

## STAN

## ON SPORT

## Hot Stove League is Cold

Monday mummings and whatever became of Harvey (Pop) Young? Mayfair Golf and Country Club has a holder (a non-competitive 63). Bobby Locke is beating back nicely from a recent apoplexy operation at his home in Johannesburg, South Africa. . . . Suggestion-free, for nothing: why don't the folks head that Saturday night broadcast out of Toronto Maple Leaf Gardens do something to jazz up the sessions of "the hot-stove league"? Otherwise they might as well be rubbed out entirely. . . . Personal report on the Flyers: Team is a "one-line" aggregation at the moment, same being the Latoiski-Kilburn-Anderson trio. The Allan cup champions of two years ago miss grievously the scoring punch of "Handy" Andy Clevechok, who isn't playing, and "Bing" Merlik, who isn't being set up for many clear-cut sweeps at opposition netminding. What would suggest that the return to duty of Clevechok on a line with Merlik and a centremen, willing and able to trade the puck around to some purpose, would restore much of the punch Flyers lack at this time. One of the real puzzles in connection with Frank Currie's combine is the slow start being made by Elmer Kreller. The pivotman lost his edge in the off-season.

Add there's always room-further-up-the-ladder dept.: Leithbridge center Joe Tufendoff, who has appeared at Renfrew Park, has been moved to in the Brooklyn chain for Billings to Asheville in Class B.

## See Here You CIO Joes!

Steel strike in the U.S. is louing up hockey's box-office in more than one section of the country. In at least one American league centre—Cincinnati—some seats in the box-office are relating at a modest seventy-five cents. . . . Julian Sawchuk, helmeted defenceman who popped up with Calgary Stampedes at the Gardens Saturday night had a lot of luck, mostly bad, during a three-season stretch at Cleveland. Among other things he suffered a broken leg, a badly racked-up kneecap and a severe head injury. Helmet he wears is an aftermath of the last-named mishap. . . . Despite that 40-3 drubbing inflicted on Maple Leafs by Vancouver Blue Bombers, 2 great accolades of last week must go to the men who worked out the western junior grid semi-final details. It takes a lot of work, generally on the part of just a few individuals who are left to shoulder the burden, to put on a series of such magnitude. . . . Dodgers' outfielder Duke Snider and righthander Erv Palica (very fast, this fellow) didn't experience much success against Yankees in the World Series. It was something else again when a team of National leaguers hooked up with an American loqu squad in Los Angeles the other night. Nip Palica, hitting six home runs, six hitless innings and Snider shooting up Bob Lemon, "Red" Embree and Bob Feller for three whacks in five trips.

Attention "Oldtimer": Football game you speak of—Edmonton 73, Calgary 2—was played in the 1921 season.

## The Case of 'Chuck' Fenenbich

Most unsatisfactory of all aspects connected with the first season of the "Little Stukus" grid Eskimos is "Chuck" Fenenbich's failure to fit in as he seemed destined to during the training season. The product of U.S. professional circles was a four-alarm sensation in the August workouts and was "Babe" star player in the opening game against Calgary Stampedes. The word goes that he has been at loggerheads with Stukus because of a yen to play quarterback against the better players of the club coach, who rates him a more useful ball. Fact that coach Stukus brother, Bill, has been getting the starting quarterback assignment recently has further bedeviled the situation, although it must be admitted that "Little Stukus" has been doing a grand job of palming that ball and otherwise handling the team. Still the record fairly shrieks Fenenbich's all-round lack of competence, and the blame lies with him on the other side, and his accomplishments over a 10-year career.

For the good of the game heretobut, with particular emphasis on Eskis' chances for success in 1950, here's one situation that should be thoroughly ironed out in the off-season.

Say, whatever DID become of the John Ducey—"Sad Sam" Timmins feud?

## Bulletin Handicaps Big Auto Bonspiel

First automobile bonspiel in Edmonton's history got underway this morning at the Edmonton and Granite risks. For the past several days the local has been "bonspied" by a number of a variety of providing a morale line for those curling enthusiasts who might like to gamble a shille or two on the outcome.

With a graded handicap on the most likely risks: Leo Johnson, Winnipeg (53) . . . Has win habit. The one to beat. Bill Dunbar, Aurora (42) . . . Always gets a slice. Al Dorsett, Winnipeg (43) . . . Will take the pot. Don't overlook Cliff Manahan, Edmonton (54) . . . Will take the pot. Don't overlook "Frenchie" D'Amaro, Trail (53) . . . Canadian champ 1946. Cliff set. Garret Campbell, Aurora (54) . . . Sharp right now. Could do it. Art Simpson, Saskatoon (53) . . . Has been right there in tough com-

pany. Frank Wolfe, Edmonton (53) . . . Experienced campaigner. Always knocking. Walter Polak, Minnesota (50-1) . . . Cars or marbles. Likes to win. Gordon Walker, Edmonton (48-4) . . . Darkhorse with a chance.

## BILL MAHER JOINS SASKATOON QUAKERS

If Bill Hunter, manager of Saskatoon Quakers, has been serious about trying to add Flyers' onetime line of Morey Rimstad-Bill Maher-Johnny Black to his club, he's batting at a .333 clip at time of going to press.

Winger Maher departed for Saskatoon yesterday. He has accepted Hunter's offer, will be on the Quaker roster for the balance of the season.

Rimstad has turned down Hunter's bid, preferring to look after his business interests and coach EAC juniors on the side. It's understood Hunter is trying to "pull some strings" calculated to get Black out of the clutches of Eddie Shore, Springfield owner, who has him on the suspended list.

## Spokane Sweeps Week-End Series

SPOKANE, Wash., Oct. 31.—(AP)—Spokane Flyers blasted the Trail Smoke Eaters 6-3 last night to take both games of the first round of the Western Intercollegiate league's week-end series.

Trails Danny McDougald was high man for the night with two goals, one unassisted.

PROVIDENCE, Oct. 31.—(CP)—A pair of goals by Pete Karpas and Harvey Fraser in the final time minutes last night gave Providence

## Leafians Top NHL Standing

NEW YORK, Oct. 31.—(CP)—Toronto Maple Leafs have taken command of the National Hockey League following a double week-end victory.

Sunday, Leafs came from behind to defeat New York Rangers 4-2, while the previous night, they registered their first home victory with a crushing 5-1 conquest of Boston Bruins.

Toronto with a 10-point total is one point ahead of both Montreal Canadiens and Detroit Red Wings, who share second place. Beaten by Red Wings at home 1-4 Saturday, Canadiens travelled to Detroit Sunday to challenge the defending NHL champions, 4-1.

The other three teams now are tied up, six points each, in fourth place.

Chicago Black Hawks, in last place Saturday, won on a scoring spree Sunday to defeat Boston Bruins 10-4 in the highest-scoring league game of the season. Saturday, Bruins won New York Rangers 2-0 for their victory of the season.

Chicago, Rangers and Bruins thus were the only clubs to suffer double defeats in week-end games, both losing out to Toronto and Chicago.

## SUMMARY

## SATURDAY

**FIRST PERIOD**—Scoring: none. Penalties—Stanford, Boston. **Second Period**—Scoring: Boston (Gardner) 3-0; Boston (Riley) (Chaw-son) 4-0; Boston (Gardner) 5-0. Penalties—Boston (Gardner) 11:15, Boston (Gardner) 12:30, Boston (Gardner) 13:45, Boston (Gardner) 14:30, Boston (Gardner) 15:45, Boston (Gardner) 16:45, Boston (Gardner) 17:45, Boston (Gardner) 18:45, Boston (Gardner) 19:45, Boston (Gardner) 20:45, Boston (Gardner) 21:45, Boston (Gardner) 22:45, Boston (Gardner) 23:45, Boston (Gardner) 24:45, Boston (Gardner) 25:45, Boston (Gardner) 26:45, # Favored Hilltops In 1-1 Tie

WINNIPEG, Oct. 31.—(CP)—A four-quarter kick to the deadline by quarterback Ray Russell gave Western Wildcat a 1-1 tie with Saskatchewan Huskies in the opening game Saturday of their two-game, local, post-war Canada junior football semi-final. Second game will be played at Saskatoon Saturday.

Winners of this series will play against either Vancouver Blue Bombers or Edmonton Maple Leafs, other semi-finalists of the western crown.

Hilltops, defending western champions, had taken their 1-0 lead on the mid-covered gridiron midway through the second quarter when a horde of Saskatchewan tacklers forced Freddie Dunsmuir, Saskatchewan's star, to fumble the ball on Frank Sembrath's kick.

More than 2000 fans found little cheer as they sat through an afternoon drizzle to watch their favored Wildcat outplayed in every department by the light and speedy Wildcat. Only in the final quarter did Weston hold an edge in the play.

During the rugged contest, many spectators fumbled due to the soggy and slippery pigskin. Hilltops racked up 11 first downs, four and outplayed the home team's 223 yards to 147. Only one pass was attempted with the ball, Sembrath's effort in the first quarter being intercepted by Weston's George.

Notre Dame, leader in the Associated Press weekly poll, cruising to a 34-0 victory over Navy, 4-0, with Ernie Zaleski scoring four touchdowns.

Alabama had no difficulty with Virginia Military, 40-14, and Kentucky waited until almost the last minute to score, 34-0, in a 1-1 tie.

In the midst there was excitement as Iowa was trailing trailing Oregon 34-0 with only one second left in the third quarter. The Hawkeyes unleashed a scoring attack that brought them a 34-0 victory in the west nine minutes.

**BEARS TRIUMPH**  
 Michigan ruined an Illinois celebration honoring veteran coach Bob Zuppke, 136, and Ohio State sailed smoothly over Northwestern, 34-7. By their triumph Buckeyes moved into a Big Ten tie with Iowa, Wisconsin behind Indiana, 30-14.

California's Golden Bears, fourth ranked nationally, moved a step nearer the Rose Bowl by overpowering UCLA, one of their principal Pacific Coast rivals, 31-7.

By beating the UCLA, the Bruins virtually clinched the Pacific Coast championship.

**WIN 5-4**  
 Cross-country Lions moved out of their principal Pacific Coast rivals, 31-7.

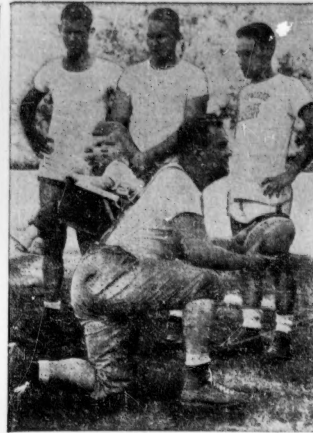

By beating the UCLA, the Bruins virtually clinched the Pacific Coast championship.

WHEN his wife failed to secure baby-sitter, Dick Nicks cooked up this novel contraption enabling him to look after son LARRY while working with Wentworth Military Academy squad at Lexington, Mo.

**Innisfail Couple Married 50 Years**  
 INNISFAIR, Oct. 31.—Mr. and Mrs. Tom Marks celebrated their golden wedding anniversary Saturday.

They were married at Perth county, Ontario and came west to Innisfail in 1915. They farmed near town until 1915.

There are eight children and 13 grand children. Lloyd and Ernie are at Bowden, Elroy at High River, May in Edmonton, Bill at Sylvan Lake, Evelyn, Ken Hill Valley, Vivian, of Vermilion, and Ida at Innisfail.

Mr. Marks celebrated his 71st birthday July 1, and Mrs. Marks will be 70 November 2.

**Bellis to Get Electric Power**  
 BELLEF, Oct. 31.—Miles Sewchuk has purchased a motor and will furnish electric power to all residents desiring same. Poles and lines are being erected and work from Smoky Lake is wiring stores and houses.

Mr. and Mrs. Steve Wockla have purchased the Commercial hotel at Bellef from Mr. and Mrs. Metro Pawluk.

**Hat Tigers In 2-2 Tie With Buffs**  
 MEDICINE HAT, Alta., Oct. 31.—(CP)—Medicine Hat Tigers and Calgary Buffs Saturday night fought in a 2-2 overtime draw in an action-packed Western Canada Junior Hockey league game before a record crowd locally of 2,500.

Tiger's position in league standing remains unchanged. They still hold a two-point first-place edge over Calgary.

Deadlocked 1-1 at the end of the first, both teams scored once in the extra session. Eldon Willock sent Calgary ahead on a pass from Ross Tyrell, and captain Jack Shupe tied it up for Tigers.

Medicine Hat scored the only goal of the first period when Bruce Dickson sent Shupe's pass. They held the lead until 18:36 of the third period, when Jack Smith got Buffalo's first marker.

**Canadians In World Skate Meet**  
 TORONTO, Oct. 31.—(CP)—Four skaters, three from Toronto and one from Vancouver, will represent Canada at the world figure skating championships in London next March 6.

They were chosen Saturday at the 34th annual meeting of the Canadian Figure Skating Association, which also decided to hold the 1950 Canadian figure skating championships in St. Catharines, Ont., Feb. 24.

Paul Wilson of Vancouver, Canadian senior men's champion, will seek the men's world senior championship. Suzanne Morrow of Toronto, Canadian Ladies' senior champion, and Marlene Smith of Toronto, runner-up for the North American Ladies' senior title, are to enter competition in world senior ladies' events. The World pairs title will be sought by Miss Smith and Ronald Glickstein of Toronto, who hold the senior Canadian pairs title.

**OPEN FALL GREAT HELP TO FARMERS**  
 HARDISTY, Oct. 13.—Considerable field work is still being done around Hardisty. Beautiful fall weather has helped the farmers to get their threshing done and feed stacked as well as much work in the garden and orchard.

# Jerry the 1st Sets New Race Record

INGLEWOOD, Calif., Oct. 31.—(AP)—Jerry The First smashed the world record for 1-1/4 miles Saturday in the \$2,000 free-for-all race at Hollywood Park race track.

Driven by his co-trainer, Eddie Cobb, the big bay heaver surged from behind and passed Indian Land and Dr. Starnes to win for the wire. Jerry The First's time was 2:07 3/4, three-fifths of a second better than the old track record of 2:08 1/4, equaled by Guest Star earlier in the afternoon.

Good Time, W. H. Casey's tiny pacer, stepped off the mile in 1:30 3/4 for a track mark in the \$10,000 western pace, main attraction on the grand circuit program. He held off Prince Jay in a grueling stretch drive.

**Highway to Be Hard-Surfaced**  
 STETTLER, Oct. 31.—Cats are working on the new highway out of town and as result traffic has been diverted. It is expected this road will be hard-surfaced next year.

**Stettler Sprays Streets With Oil**  
 STETTLER, Oct. 31.—All streets and avenues in the town are being sprayed with oil.

Digging of sewer ditches is proceeding rapidly in Stettler West sub-division, newly built up section.

**Trophy Presentation**  
 STETTLER, Oct. 31.—Trophies will be presented to the various champions at Stettler Golf Club's annual chicken dinner Stettler hotel Thursday, Nov. 3.

**NEW HAVEN, Oct. 31.—(CP)—**Springfield Indians are rough-hewn over the hapless New Haven Ramblers in an American Hockey League clash here last night, defeating the home team 4-1.

**MINTOS MEET CANADIANS TOMORROW**  
 Prince Albert Minto and Edmonton Canadians will meet for the second time this season tomorrow night at Edmonton hockey arena.

Two weeks back Canadians of the local junior hockey league stepped the FA outfit 7-4 here.

But since then the Mintos have played various clubs in the Western Canada Junior League and have been relatively idle. Therefore, may have an edge in timing and conditioning tomorrow.

Starting time for the game is 8 p.m.

**Millet Pioneers Celebrate Golden Anniversary**  
 MILLET, Oct. 31.—Mr. and Mrs. J. W. West celebrated their golden wedding anniversary Oct. 30. They were married at Buffalo Lake, Alta. in 1899 and came to Millet in March, 1900.

Mr. West was a merchant for more than 40 years, retiring six years ago. He was mayor of Millet for several terms and received his 40-year badge from Millet I.O.O.F. Lodge last spring.

Mrs. West has been an active worker in United Church and prominent in Rebekah Lodge. Both are members of Alberta Old Times Association.

Mrs. S. C. Mow, of Millet, is a daughter.

**ST. PAUL, Oct. 31.—(CP)—**St. Paul last night registered a share of first place in the United States Hockey League by defeating Tulsa 4-1.

# Seattle Ironmen Whip Victoria

SEATTLE, Oct. 31.—(AP)—Seattle Ironmen scored last night but lost two minutes after the opening face-off, then went on to win a 4-3 Pacific Coast hockey league contest from Victoria Canucks.

Cal Stearns, Stan Maxwell, Jack McIntyre and Joe Medved scored for the winners. Russ Kopsky and Fernie Strongman counted for Canucks.

**MINNEAPOLIS, Oct. 31.—(CP)—**With rookie center Frank King scoring a goal in each period, Minneapolis Millers plastered a 3-2 defeat on Tulsa Oilers in a United States Hockey League game Saturday night.

# Drills, Discount & Drouth Dollars

By Ken Liddell  
Principal News Editor

RED DEER, Oct. 31.—Here were the grass roots of democracy waving in action.

Men who were grey were growing a little more grey in the service of their fellows—simply because their names happened to be on papers that made them councillors—trying to save a dollar here, make a dollar there, so everybody could have a better road to get to town, a little more assistance when times get tough.

The Central Alberta Association of Municipal Districts was founded on a problem some five years ago, and when a couple of dozen delegates got together for their annual meeting over the weekend, they found problems still exist.

But times have changed. Where five years ago the association was built to get a better deal in gopher poisons, this time they talked about the damage done by drilling crews; how toicker for dollars from seismograph crews, how to make a drouth less desperate and how to put an umbrella under hail.

The new trend was in the seismograph outfit. They travel the municipal districts on truels, come under the vehicle laws.

## Tax Like Contractors?

It was the feeling of the delegates these outfts should be assessable, the same as a contractor, and it was their hope, too, there should be more strict control over drilling crews whose left-overs—holes in ditches, chewed-up roads—could become costly hazards.

And these men looked to the sides and their eyes led them to the road.

They thought of sides that sometimes shone so mercilessly that no rains came and there was drouth.

And when they looked to the east they saw the sunrise of the taxpayers' dollar which they were selected to protect and they thought of the Alberta Farm Assistance Act and they thought it wasn't as broad as it may be for a country with such broad sides.

So by resolution they asked for reduction of the present 50 township rate required to constitute an emergency as the act sees one.

They asked that division of a township be changed so it need not follow the boundaries but would take in a required number of sections because rain, or lack of it, doesn't follow township boundaries, either.

And they asked for a government hail insurance scheme.

## Tax Collections Wrong?

By those thoughts, which they will present to the parent municipal organization meeting in Calgary shortly, they hope to lighten the tribulations of the farmers.

But in another respect they believed they had been working in reverse for years. They talked about tax discounts, came to the conclusion a tax discount was not so much an opportunity to save as it was a penalty for the man who lacked the money to save at the time he could save it.

They heard that the Lacombe district was doing away with tax discounts because councillors could see little point in trying for a tax then reducing it.

Some thought it six of one and half a dozen of the other. Discounts brought in money to finance over a period for which it would otherwise be necessary to borrow and pay back interest. But at the same time, tax discounts meant up to three extra mills on the tax levy, so a man got it back but paid it, anyway.

They heard that the Lacombe district was doing away with tax discounts because councillors could see little point in trying for a tax then reducing it.

Some thought it six of one and half a dozen of the other. Discounts brought in money to finance over a period for which it would otherwise be necessary to borrow and pay back interest. But at the same time, tax discounts meant up to three extra mills on the tax levy, so a man got it back but paid it, anyway.

So the people who five years ago got together to solve some problems about buying gopher poison left their round table discussions knowing the table may be round but the problems still had some mighty square corners.

And to any observer it was obvious that if it was not for these men who accept the responsibility of each division of a municipal district the whole farming economy would be going around in circles, and not around a table, either.

It's going to be a long fight," he said. "But we feel confident something will have to be done."

The remaining settlers finally gave up and moved their county seat to Sylvan.

It was in 1794 that Jacksonville, half way between Augusta and Savannah, was founded. It flourished as a coach stop and country seat.

Jacksonville was a rough, tough town near the hill country in the South, along the river.

For 20 years the town went its business way. Then in 1860 it drifted down and called upon its citizens to repent. People laughed.

They pointed him with eggs. And they would not let him preach.

The tormented little minister with the burning eyes turned this way and that until a powerful man, Benjamin Goodell, gave him sanctuary in his home.

When the purpose of Dow took hold and he had his friends again the following day, a mob drove him to the bridge and he was killed.

Horribly, Dow passed on the spot, removed his shoes and shook the dust of Jacksonville from his feet.

He turned and swore that God would bring evil vengeance, the same that overtook Sodom and Gomorrah. The townsfolk laughed again.

But then, unaccountably, fire broke out, windstorms tore off roofs, the plaid creek dried in the middle of the town became wild and angry, sweeping away homes in flash floods.

The remaining settlers finally gave up and moved their county seat to Sylvan. Time removed all traces of the town but the Goodell place, where still stands.

When Bryant was only three, he saw the white residents get up in despair at the freaks of

## BRIDGE

### New Convention Is Popular in the East

By WILLIAM E. MCKENNEY

Sometime ago I presented the Point-Count System of Bidding in Contract Bridge, as written by Fred L. Karpis, of Washington, D. C.

Mr. Karpis has just come out with a new book. In some later articles I am going to give you more of Karpis's Point-Count System, but in my article this week I want to present to you Karpis's response to an opening bid of two in a suit. Eastern players for some time have been using the ace and king, showing response to the two bid. Karpis has built a whole set of responses around this convention and I recommend that you "horribly" familiarize yourself with this convention.

There are seven different responses:

1. If you have an ace in any suit, bid that suit, regardless of

whether the ace is a singleton or the top of a suit of nine trumps.

2. If you have two small jumps to three no trump, bid three no trump.

3. If you have three kings, jump to three no trump, then bid four no trump on your rebid.

4. If you have two aces, jump to four no trump (a force to slam).

5. If you have an ace and two kings, bid four no trump.

6. If you have one ace (and no other ace and no king), and a rebidable suit headed by that ace, bid the ace first and then re-bid that suit.

7. If you hold none of the above, respond TWO NO TRUMP. Opened will then know that you have at most one king.

8. With one king, first respond (two no trump), then bid the king suit on your rebid (if you have an opportunity to do so below the game level).

When East makes a three club response, he shows the club ace and no other ace. West now knows that a slam is in the hand and the only thing to be determined is in short order. If West did not know which ace East had, he might figure on from club shows.

9. If you have an ace in the first, then bid four no trump (a force to slam).

10. If you have an ace in the first, then bid four no trump (a force to slam).

11. If you have an ace in the first, then bid four no trump (a force to slam).

12. If you have an ace in the first, then bid four no trump (a force to slam).

13. If you have an ace in the first, then bid four no trump (a force to slam).

14. If you have an ace in the first, then bid four no trump (a force to slam).

15. If you have an ace in the first, then bid four no trump (a force to slam).

16. If you have an ace in the first, then bid four no trump (a force to slam).

17. If you have an ace in the first, then bid four no trump (a force to slam).

18. If you have an ace in the first, then bid four no trump (a force to slam).

19. If you have an ace in the first, then bid four no trump (a force to slam).

20. If you have an ace in the first, then bid four no trump (a force to slam).

21. If you have an ace in the first, then bid four no trump (a force to slam).

22. If you have an ace in the first, then bid four no trump (a force to slam).

23. If you have an ace in the first, then bid four no trump (a force to slam).

24. If you have an ace in the first, then bid four no trump (a force to slam).

25. If you have an ace in the first, then bid four no trump (a force to slam).

26. If you have an ace in the first, then bid four no trump (a force to slam).

27. If you have an ace in the first, then bid four no trump (a force to slam).

28. If you have an ace in the first, then bid four no trump (a force to slam).

29. If you have an ace in the first, then bid four no trump (a force to slam).

30. If you have an ace in the first, then bid four no trump (a force to slam).

31. If you have an ace in the first, then bid four no trump (a force to slam).

32. If you have an ace in the first, then bid four no trump (a force to slam).

33. If you have an ace in the first, then bid four no trump (a force to slam).

34. If you have an ace in the first, then bid four no trump (a force to slam).

35. If you have an ace in the first, then bid four no trump (a force to slam).

36. If you have an ace in the first, then bid four no trump (a force to slam).

37. If you have an ace in the first, then bid four no trump (a force to slam).

38. If you have an ace in the first, then bid four no trump (a force to slam).

39. If you have an ace in the first, then bid four no trump (a force to slam).

40. If you have an ace in the first, then bid four no trump (a force to slam).

41. If you have an ace in the first, then bid four no trump (a force to slam).

42. If you have an ace in the first, then bid four no trump (a force to slam).

43. If you have an ace in the first, then bid four no trump (a force to slam).

44. If you have an ace in the first, then bid four no trump (a force to slam).

45. If you have an ace in the first, then bid four no trump (a force to slam).

46. If you have an ace in the first, then bid four no trump (a force to slam).

47. If you have an ace in the first, then bid four no trump (a force to slam).

48. If you have an ace in the first, then bid four no trump (a force to slam).

49. If you have an ace in the first, then bid four no trump (a force to slam).

50. If you have an ace in the first, then bid four no trump (a force to slam).

51. If you have an ace in the first, then bid four no trump (a force to slam).

52. If you have an ace in the first, then bid four no trump (a force to slam).

53. If you have an ace in the first, then bid four no trump (a force to slam).

54. If you have an ace in the first, then bid four no trump (a force to slam).

55. If you have an ace in the first, then bid four no trump (a force to slam).

56. If you have an ace in the first, then bid four no trump (a force to slam).

**AN APPLE A DAY** ... or so the saying goes. But this apple was on very special day for a very special purpose and wasn't for keeping doctor away. Sunday, tots being cared for by Our Lady of Atonement Home for Children had time of lives at big Halloween party. Youngster is one of 65 wards of the home operated by Franciscan Order.

## Blinding Fog Near Atlantic

CHICAGO, Oct. 31. — (AP) — Blinding fog in New York State and New England resulted in four deaths during the weekend and today large areas of the United States had snow and rain.

One of the worst fogs in years was reported in Maine with air, bus, and auto travel at a virtual standstill along a broad strip of the state's rocky coastline. Planes were grounded for 23 hours at Portland.

A head-on car crash killed a woman and a boy at Vashonboro, the forecast was for "more fog."

An all-day fog in New York's south Hudson valley caused two highway fatalities.

Snowy weather extended over parts of Colorado, Wyoming, North Dakota, and Minnesota. Three inches fell at Denver but quickly melted under a warm sun. Freezing and below-zero weather was reported over much of the upper plate and northern rocks.

**Interest Groups  
In Elections**

Edmontonians are showing three times more interest in this year's election than they did in last year's. Advance poll votes are any indication.

Total of 36 made use of advance poll facilities Friday and Saturday, compared with 22 in the 1948 election.

**British Troops  
Leaving Greece**

LONDON, Oct. 31. — (Reuters) — Britain will withdraw its troops in Greece in the near future. It was officially announced today in parliament.

The announcement was made by Christopher Mayhew, foreign under-secretary. Mayhew said the Greek government had been informed of the British decision.

Over 2,000 years ago the Chinese burned natural gas to evaporate brine for salt.

**THESE YOUNG SPIRITS** with literary inclination apparently are not disturbed by laughter and funny noises surrounding them at big Halloween party staged Sunday for 65 children ranging in age from two to 16. Kiddies vied with each other in apple bobbing contests and put on smart display in dances.

**CHRIST CHURCH PLANS  
40th Anniversary Here**

Next Sunday will mark 40 years of service in Edmonton for Christ Church.

Special services on the anniversary next week will be presided by Rev. G. P. Gower, rector of the parish from 1935 to 1941.

Mr. Gower will again at morning and evening services at the church, and he and Mrs. Gower will be guests of honor at a reception at the Parish Hall Nov. 8.

Hallowe'en party at Christ Church in Edmonton on Nov. 7, 1950. At that time the church was located at 110 avenue and 116 street, but after the congregation increased in size the present site was obtained and a new church erected.

Subsequent expansion resulted in the building of the parish hall in 1955.

**FIRST RECTOR**  
First rector of the church was Rev. Robert Jefferson, now Bishop of Ottawa. In 1932 Rev. John Hoffman was appointed rector until he became warden of St. John's College, Winnipeg.

Between 1933 and 1939 during the incumbency of Rev. C. W. McKim, church work was extended to outlying areas of the parish, and the parishes of St. John, now St. Paul's, St. Peter's and St. Blaise were created.

**NEW CHURCH**  
Present church and hall were erected while Rev. J. M. Gower, Bishop of Edmonton, was minister.

## Varsity Preparing For Big Weekend

Livestock beautifiers were busy today at the Exhibition grounds preparing entries for showing at the annual fall Livestock show and Sales sponsored by the Edmonton Exhibition association which opens tomorrow and continues through Friday.

Recent entry of 1950 has been received for the show with some classes leading with 50 exhibitors. Sheep classes have 32 entries, and cattle 218.

Junior exhibitors will open the show at 1 p.m. Tuesday with judging of sheep and swine classes to be followed by the senior sheep and swine judging competition.

The afternoon session of the opening day will be occupied with junior lamb and sheep judging competition.

**LAMB AUCTION**  
Market lambs and purchased steers will be judged on Wednesday with the auction sale of market lambs and purchased cattle scheduled for the afternoon.

Sales of purchased swine will start Thursday morning and will continue throughout the day.

Purchased lambs and ewes will be sold on Friday.

Auctioneers for the show are J. W. Durno, Calgary, and Don H. H. Edmonton.

Judges are A. H. Edwards, Edmonton, commercial sheep; J. L. Pawley, Edmonton, commercial cattle; Jos. Roper, Lacrosse, purchased sheep; S. Beaton, Lethbridge, purchased swine; A. C. B. Greenville, Morrin.

**WORTH NEARLY \$1 million** in gold in this little chin-chilla part of a \$40,000 shipment which left Edmonton airport late last week for San Francisco, Delta Flinly, TCA teletype operator, admires fluffy little animal from city chin-chilla farm.

**YPU Ends Sessions  
With Annual Election**

The all-important position of youth in guarding truth, piety and charity in the Christian life was stressed yesterday by Rev. T. L. Jackson of Wesley United Church.

Mr. Jackson delivered the concluding part of his two-part sermon-address, "Furthering the Faith," at the final session of the three-day convention, Northern Alberta Conference, Young People's Union of the United Church of Canada.

Delegates from many parts of northern Alberta held their final meeting and election of officers in Metropolitan United Church.

The youthful boys and girls attended several functions during their stay in the city.

Friday there was a Hallowe'en party and masquerade held in Westminster Community Hall with about 200 persons in attendance.

Parsons were Mr. and Mrs. L. D. Albright and Mr. and Mrs. Harry Culbert.

**TOUR CITY**  
Saturday the visitors were taken on a tour of the city and enjoyed a bowling tournament. A banquet and sing-song preceded Mr. Jackson's sermon-address. Worship service followed.

After morning service yesterday the YPU members held business meetings and election of officers in the afternoon.

**NEW OFFICIALS**  
Officers elected were: Immediate past president, Lawrence Moon; president, Margaret Wourrell; associate president, Charles Christie; treasurer, Ralph Marshall; corresponding secretary, Mary Young; recording secretary, Ruby Johnson; missions, Bessie Hoffer.

Fellowship, Jim Shearman of Vegreville; citizenship, Stan Whitbread; culture, Betty Sprague of Camrose; recreation, Gertrude Clegg of Fort McMurray; Miss Doreen McLaughlin; Editor, (Crusader), Ruby MacInnis; assistant editor, Irene Johnson.

A Danish vacuum cleaner which has just appeared on the market is made of plastic and light metal and weighs only 6½ pounds.

**Christ Church Plans  
40th Anniversary Here**

Next Sunday will mark 40 years of service in Edmonton for Christ Church.

## Stock Show Opens Here Tomorrow

Livestock beautifiers were busy today at the Exhibition grounds preparing entries for showing at the annual fall Livestock show and Sales sponsored by the Edmonton Exhibition association which opens tomorrow and continues through Friday.

Recent entry of 1950 has been received for the show with some classes leading with 50 exhibitors. Sheep classes have 32 entries, and cattle 218.

Junior exhibitors will open the show at 1 p.m. Tuesday with judging of sheep and swine classes to be followed by the senior sheep and swine judging competition.

The afternoon session of the opening day will be occupied with junior lamb and sheep judging competition.

**LAMB AUCTION**  
Market lambs and purchased steers will be judged on Wednesday with the auction sale of market lambs and purchased cattle scheduled for the afternoon.

Sales of purchased swine will start Thursday morning and will continue throughout the day.

Purchased lambs and ewes will be sold on Friday.

Auctioneers for the show are J. W. Durno, Calgary, and Don H. H. Edmonton.

Judges are A. H. Edwards, Edmonton, commercial sheep; J. L. Pawley, Edmonton, commercial cattle; Jos. Roper, Lacrosse, purchased sheep; S. Beaton, Lethbridge, purchased swine; A. C. B. Greenville, Morrin.

**Hallowe'en Hijinks  
On Tap for Tonight**

Edmonton youngsters will take over the city tonight for as old-fashioned a Hallowe'en celebration as they ever parents and grandparents enjoyed.

It will be strictly a night for the growing youth, the sheeted apok and the ghostly skeletons with their common badge of a sackful of suckers and apples.

After wartime years of collecting funds for charitable work on Hallowe'en and being kept from the streets by organized entertainment, the youngsters will be back to celebrating the ghostly night in their own, traditional style.

Only a few communities plan Hallowe'en parties for the kiddies. In most areas the youngsters will make the rounds in costumes of hand-me-downs and ghostly gait to demand suckers and apples and peanuts.

Police are hopeful the hijinks won't become vandalism.

"Hallowe'en vandalism has been on the decline during the past few years and we feel sure that youngsters tonight will be able to have a really enjoyable Hallowe'en celebration without throwing a disaster for householders' prayers," Police Chief Reg. Jennings said today.

About 30 off-duty policemen have been detailed for night duty on residential beats and in police power cars.

With mild weather forecast for tonight, number of children on the streets is expected to hit the all-time high in the city's history.

Guidelines, meanwhile, will take to the streets in form of entertainment.

In 1948 Holland still had only the 200 miles of highways used for several centuries previous.

## Homecoming to Feature Big Hollywood Band

University of Alberta is getting all decked out for a big week-end.

Hundreds of U of A graduates of the past 40 years will be returning to their old college stamping grounds on Friday, Saturday, and Sunday, for the annual Alumni Homecoming Weekend.

Indications are that it will be the biggest Homecoming yet held.

Almost 15,000 persons have been awarded degrees and diplomas since the University began operations in 1908. More than half of them still live in Alberta, 1,500 in Edmonton and 600 in Calgary.

Result of the post-war expansion of the University, Homecoming Weekend was started three years ago to build a larger U of A alumni association and a family of old graduates with a new campus.

Returning grads will see a lot of changes on the campus. Two Apart from a doubled student enrollment and well over \$10,000,000 worth of construction since the war, there is \$4,000,000 worth of building underway on the campus at present.

**HEADS ORGANIZATION**  
Newly-formed campus social organization, the Golden Key Club, is holding the big week-end under the direction of its executive committee.

More than 1,000 letters and newspaper, The Gateway, have been mailed to Varsity alumni during recent weeks publicizing the event.

Returned grads of various classes will be at the campus on Friday at noon.

Alumni will register for the week-end in the Arts building, and will be taken on tours of the campus by undergraduate students.

Friday night, a student-alumni dance will be held in the Drill Hall with J. Ross and his band and his name band from Hollywood.

Special displays by various faculties will be up for decorations at the dance and a cup will be presented to the winning family. There will be continued regatta, lawn and campus tour Saturday morning.

**OWN PARTIES**  
During Saturday afternoon, a general coffee party will be held in Athabasca residence from 10 to 4 p.m. Varsity publications will hold their own party for former staff members of The Gateway and the Evergreen and Gold yearbook in Athabasca residence.

University joined Chorus will hold its own gathering, too, and the former members will form a chorus alumni association in St. Joseph's college.

Saturday evening, beginning at 7:30, fratricides on the South side will hold open house for the graduates.

Beginning at 8:30 p.m., a colorful, carefree dance will be held in Athabasca hall for graduates, members of the Golden Key society and executive members of the Students' union.

Called "Club 24," in honor of the class of 1910, which will celebrate its 40th anniversary.

## SHOPPING GUIDE

Coffee Grinders  
Snap Prices Upward

By Don Thrifty

That I'll of coffee bean is creating a lot of havoc in the markets these unhappy days.

Prices zoomed over the week-end to a 76c to 80c per pound retail price. These skyrocketing prices will be effective on new shipments of coffee beans.

Well, it's back to top cannot shell for the person. The family will sustain itself with some other form of witch's brew... such as milk, lemonade.

4612  
No. 10  
No. 10  
No. 10

No... lemonade wouldn't do either. Seems citrus fruits and juices are sharing high price lots with a thousand and one other commodities.

Once upon a time, not long ago one could buy a 20-ounce of fruit juice for 12c. Now one pays 25c for a 16-ounce 1/2.

I've three quarters of a mind to start a fuss over this nonsense.

How about the rest of you guys?

While we're bawling and stewing over food price discrepancies let's soothe our savage souls with a bit of tantalizing tale in the department of lacy lingerie 'n' stuff.

I can't find it too hard 'cause I recently spent a solid hour in a love of a new (shhhhhh) corset shop.

Now... bill of feminine fault that the torso area of faultless seems has special for a firm foundation in the matter of figure control. Some of us need firmer foundation than others.

This enterprising Edmonton woman is coming to the rescue with a specialty shop specializing all sorts of "feminine ailments."

Before I ever got around to ching and aching over the lovely bra girdles... such as I was wearing... I was in a daze.

Patience, my dear, I am in my late thirties. I am tall and weigh 138 pounds. I am fat and I don't like it.

I feel wonderful and look well in my clothes, and boy, how did I feel when I put on my corset!

I giggle delightedly when I spotted the chair upholstered in striped corsetties of rose damask. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

## A READER who did her exercises both night and morning and kept at them faithfully now find friends telling her she looks too young for her age. What a thrill that!

## WHY GROW OLD

Well Planned Exercise  
Reduces Figure Faults

By Josephine Lowman

Recently I have been making suggestions which will help you become the most attractive you. Most women require some definite standards by which to judge themselves and there is an exercise for every figure fault.

There is no profit in doing a great number of exercises. Only a few carefully planned exercises will win the battle.

Today in order to provide inspiration, I decided to quote from a readers letter. You yourself will have to provide the will power. That should not be difficult to do after a look at the fat types and wobbly coxae which are on the agenda.

This letter says: "Last winter I sent for your column and exercise chart and promised to let you know the results. I am in my late thirties. I am tall and weigh 138 pounds. I am fat and I don't like it."

I feel wonderful and look well in my clothes, and boy, how did I feel when I put on my corset!

I giggle delightedly when I spotted the chair upholstered in striped corsetties of rose damask. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

I was in a daze when I stepped back with black velvet ribbon. They got collars of matching ribbon. I was in a daze.

## DOROTHY DIX SAYS

College Girl Bewails  
Mothers' Sloppy Ways

DEAR MISS DIX—I am a college graduate with a job and live at home. If I could improve my relations with my mother, my happiness would be immeasurably increased.

I do not believe that I am overly fastidious, but every day I find it harder to reveal at my mother's slovenly ways.

Can I hope that she will ever change, or must the word "mother" always mean to me a slattern who is not personally clean and who often sets the table with unwashed dishes?

A daughter who would like to respect her mother.

ANSWER: There are no greater tragedies than those of growth. How often we see children, educated, cultured, refined who have no outgoing their parents that they live in a different world and have not one taste or thought or impulse in common.

When I have seen innocent fathers and mothers working their fingers to the bones to give their children advantages that they never had themselves, and were rearing and educating themselves from their children above them, I have thought that it was as heroic an act as humanity was capable of performing.

For all parents desire above everything else on earth to be loved and admired by their children, to be grateful to them, and it must have been bitter in their souls to know that their educated and cultured children would be ashamed of them and critical and scornful of them.

In a way this is what happened to you. You have required daily respect, politeness and courtesy from your mother's slovenly habits are sensitive to you that is inevitable.

But be as patient with her as you can, for if she gets upon you she will be a constant reminder of an offense to you that she is at the heart.

Whist Drive

Mr. K. O. Dugan is in charge of arrangements for a whist drive to be held tonight at 8:30 p.m. in the King Edward Park Hall.

Retirees will be served and everyone is welcome. In case of rain, the drive will be held at the King Edward Park Hall.

# Civil Servants To Cavort at Party

Twenty-ninth annual convention of the Civil Servants Association of Alberta will be marked by a banquet and dance in the main dining room of the Macdonald hotel.

Hosts at the Friday affair will be Edmonton branches 2, 19, 22 and 23. Banquet will commence at 6:45, and dancing to Frank McLeavy's Macdonald hotel orchestra will last from nine until midnight. Nearly 400 people are expected to attend. Denis Thompson is chairman of the dinner committee and Melita Altwasser is in charge of ticket sales. Others assisting are Miss Ruth Watson, Ernest Pywell and Miss E. Marsland.

## Four-Night Bazaar Starts Wednesday

Rev. Ambrose Christakus will officiate at the opening of the annual bazaar, sponsored by the Ukrainian Ladies' Aid of St. John.

Four-night affair will be held at the Institute hall, 1064-88 street. Nov. 3 to 6, inclusive. Friday night will feature a sale of home-baking and preserves. President, Mrs. Peter Budnick, is convening the bazaar. In charge of arrangements are Mrs. Nick Demko, Mrs. Faust Goshko, Mrs. Alex Harasim, Mrs. Jacob Laskuch, Mrs. Harry Myschynsky and Mrs. William Trishko.

**RUSTIC HARVEST** decorations transformed the Variety Gym Saturday evening for the annual Waukena reception, first formal affair of the university term. Patrons at the "Harvest Moon" were Miss Maimie B. Simpson, Mrs. Mrs. E. E. Eason, Mr. and Mrs. H. T. Sparty.

Waukena executive members in charge of arrangements included: Mrs. Jones, Stewart, Blah, Robina Neil, Joanna Stewart, Stella Hanna, Audrey Copping, Sheelagh Nolan, Olga Kaleta, and Flora Morrison.

Bazaar, tea and sale of home-cooking will be held Wednesday from 3 to 5:30 p.m. in Knox Church. Sponsoring organization is the 14th Cub and Scout Mothers Aux.iliary.

## St. John's WA Planning Fall Bazaar, Sale

Plans have been completed by members of St. John's WA for their annual fall bazaar and sale of home-cooking.

It will be held in the Scout hall behind the church, University Avenue, and 1000 street, Wednesday from 2:30 to 5:30 p.m.

President, Mrs. A. Aldridge, will receive the guests.

Presiding at the tea urns will be Mrs. A. Elliott, Mrs. H. H. Cooper, Mrs. G. Kelly and Miss S. M. Golland.

Others assisting will be Mrs. J. Copan, neelwood; Mrs. A. Perkin and Mrs. J. Kinnear, neelwood; Mrs. W. Myers, Junior WA booth.

Tea convenor will be Mrs. W. T. Turner.

In charge of the leading bazaar candy booth will be Mrs. J. A. C. Smith.

## Fall-Shaded Flowers Bank Cathedral Altar

Altar of All Saints' Cathedral was banked with mauve and yellow chrysanthemums early Friday evening for the wedding of Patricia Feather of Edmonton to Donald C. Robinson, son of Mr. and Mrs. James Robinson of this city.

Bride is the daughter of Mr. and Mrs. Charles D. Snider of Great Falls, Montana.

Very Rev. A. M. Tremblay, Dean of Edmonton, performed the ceremony.

Given in marriage by her father the bride chose a gown of nylon marquisette fashioned with lily-point sleeves and round neckline with bertha of lace. Lace tiers on the full skirt were caught up with long white ruffles and the long lace-trimmed train fell in graceful folds.

The former was in yellow, the bride's gown in mauve, both dresses styled with net skirts and tulle. The bride's table which was centered with pink and white carnations and small white hats. Mrs. Feather with a three-tier wedding cake.

**LACE EDGES VEIL**  
Matching lace edged the three-quarter-length veil which was caught to a pearl-laced tiara. A single orchid adorned her white prayer book and she wore a string of pearls.

Miss Violet Feather was her sister bridesmaid and Sherrell Robinson, cousin of the bridegroom, was flower girl.

The former was in yellow, the bride's gown in mauve, both dresses styled with net skirts and tulle. The bride's table which was centered with pink and white carnations and small white hats. Mrs. Feather with a three-tier wedding cake.

**MOTHER IN BROWN**  
For her daughter's wedding, Mrs. Snider wore a brown crepe afternoon gown with green accessories and corsage of kokono carnations.

Her husband was in navy blue, his ensemble complemented by pink accessories and corsage of pink roses.

Eighty guests attended the reception held in the drawing room at the Macdonald hotel where the best man proposed the toast to the bride.

Pink and white carnations and tall, white tapers, decorated the bride's table which was centered with pink and white carnations and small white hats. Mrs. Feather with a three-tier wedding cake.

Refreshments will be served and every one is welcome.

**Whist Drive**

Ladies' Auxiliary to the Canadian Legion, Strathcona Branch No. 158, will hold a whist drive tomorrow at 2:30 p.m. in the lounge, 16118 81 avenue.

Tea will be served and everyone is welcome.

## Shortage of Women New Canada Problem

Dr. Charlotte Whitton Warns

## Group of Serious Nursing Need

TORONTO, Oct. 31.—(CP)—Canada is faced with a new and disturbing shortage—women.

That is the warning given by Toronto nurses today by Dr. Charlotte Whitton, one of the Dominion's foremost welfare experts.

"What is becoming increasingly and disturbingly evident is that there are simply not enough girls and young women in Canada to do the work," said Dr. Whitton in an address before the University of Toronto School of Nursing.

**ANALYSIS NEEDED**  
Dr. Whitton suggested that the nursing profession should make a thorough "job analysis of nursing, present and future." The "present situation," she said, "is that 7,000 nurses should try to do the work of 10,000."

"The 'Nursing gap' appeared to be showing 'the promise of closing' but the 'dollar gap' was not confined to Canada alone."

"The United Kingdom needs 125,000 nurses and is 45,000 short; the United States, with 218,000 nurses, still has 33,000 hospital beds closed due to the shortage."

**ONTARIO LUCKIEST**  
In Canada, said Dr. Whitton, "Ontario is best served in nursing of all the provinces yet, excluding public health, private duty and in."

"And it up and it's inevitable," said Dr. Whitton. "There just aren't enough women coming on."

"The human body contains about 1,350 square inches of skin."

**Travellers Hold Banquet and Dance**

Annual banquet and dance of the Association of Canadian Travellers was held at the Macdonald hotel Friday when 135 guests attended.

Jack Stewart presided and speakers included Al. St. Hovest, Grand Convent, Reg. Jennings, A. J. Thompson of 17308, Fred Walden, senior councillor for United Counties, Travellers, Mrs. J. H. Heath, president of ACT Ladies' Auxiliary.

Toast to the women was proposed by Fay Johnston and replied to by A. Fred Johnston.

Entertainment committees included: Mrs. Norman Taylor, Robert Brown and Stanley Hamilton.

"The human body contains about 1,350 square inches of skin."

# Uncle Wiggily's Bedtime Story

Buster, Uncle Wiggily and Double Dip stood on the side of Peppermint Tree Hill and looked at the trees and bushes. They were on Ghost Island in Frog Pond and had come to find pirate gold.

Buster was lost, but Buster and the others could hear her calling: "The fallen into a hole! And in the hole with me is the pirate gold! Somebody look it from Peppermint Tree Hill and put it in this hole!"

"Where is the hole, Buster? Buster wanted to know. "We can hear you calling but we can't find the hole!"

"Can you see a big anaconda bush?" asked the orphan rabbit.

"Sure we can see it," shouted Uncle Buster. "It has a very nice smell like apples."

"Then go to the anaconda bush on the edge of the gold hole into which I have fallen. But be careful you don't fall into a hole!"

There was no less than but there was a big hole at one side of the bush looking down into the hole they saw Buster.

"They also saw boxes and hints of gold. It glittered in the sunshine which shined down into the hole."

"How did the gold get in the hole?" asked Buster.

"The pirates must have hidden it here after they buried it on Peppermint Tree Hill," answered Buster. "Oh, isn't this just wonderful! We found the gold!"

"All right, but please hurry," answered Buster. "I want to give the gold to Uncle Wiggily as a Halloween present."

"They made honeysuckle vine ropes. They hauled up the gold. Then they hauled up Buster. Carry the gold in bark baskets. They went to the camp where Uncle Wiggily and the friends were just up."

"All right, but please hurry," answered Buster. "I want to give the gold to Uncle Wiggily as a Halloween present."

"They made honeysuckle vine ropes. They hauled up the gold. Then they hauled up Buster. Carry the gold in bark baskets. They went to the camp where Uncle Wiggily and the friends were just up."

### How To Have Some Fun Looking At Pictures Ink Blots Make

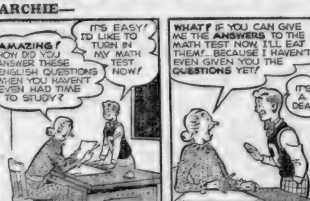

Dear Tawasi: Did you ever hear of the Hor-schach ink-blot test? You probably haven't. It's something most people don't know about until they get to university and start studying psychology. Then they hear all about Mr. Hor-schach, and the personality test he invented.

However, the whole thing is something like a game. How can you do it?

Take a piece of paper about the size of a sheet of paper, or a little smaller, and put a dime or so on it. Then you fold the paper over at the blot at the top, and smear here and there. When you open it out, there is your picture. Ink blots and pictures of the eye. They'll all be in irregular shapes, some round, some like ink blots, and some like ink blots.

Now this is the best look at the side of ink and try to draw pictures they even to make. It's not unlike watching the clouds and wondering whether they look like a herd of camels marching across the sky, or like the shape of a human face. You can even see all sorts of things in some cases. When you look at the ink blot, you may see a butterfly or a squirrel or the shape of a head or almost anything. It's a lot of fun.

But here's where the test comes in. Hor-schach, who was a well-known psychologist, showed that the sort of pictures a person sees shows the type of individual they are. For instance, if you continually see ink blots that are flowers or very things, a person is a very happy person.

## 2 Die, 5 Hurt In Mishap

LEAVATOWN, Oct. 29.—(AP)—Two men killed and five others injured in a head-on collision between two cars on a two-lane highway here Saturday when their car crashed into a tree near this Juliette country town.

Provincial police listed the dead as: Raymond Leveson, 35, of Point Victoria, a Montreal sports; Nicole Normand, eight, of Montreal.

Buster and the orphan rabbit happened when the car driven by Leveson, skidded off the highway in a collision with a truck and crashed into a tree.

MINING, Oct. 31.—(AP)—A three-story building fell 10 feet down a narrow shaft of an abandoned well Saturday and was crushed there three later. Bobby Gow, son of Mr. and Mrs. James Gow of Austin, toppled into the mine shaft. The paper says a three-story building fell 10 feet down a narrow shaft of an abandoned well Saturday and was crushed there three later.

WELL SHAFT BOY'S PRISON

MINING, Oct. 31.—(AP)—A three-story building fell 10 feet down a narrow shaft of an abandoned well Saturday and was crushed there three later. Bobby Gow, son of Mr. and Mrs. James Gow of Austin, toppled into the mine shaft. The paper says a three-story building fell 10 feet down a narrow shaft of an abandoned well Saturday and was crushed there three later.

## Hundreds of Odd Cults, Sects Spring Up in Japan

By O. H. P. King

TOKYO, Oct. 31.—(AP)—Hundreds of odd cults and sects have sprouted since freedom of religion was brought to Japan with the occupation.

### Nfld. Premier Wins Ruling

ST. JOHN'S, Nfld., Oct. 31.—(CP)—Mr. Justice H. A. Winter ruled in Supreme Court today that Premier Joseph R. Smallwood has the right to trial by jury on a charge of intimidating voters.

Mr. Justice Winter made his ruling in dismissing an appeal by W. J. Browne, Progressive Conservative member of parliament for St. John's West, who brought the charge against the premier.

Mr. Browne, in whose constituency the alleged intimidation took place during the last federal election campaign, had appealed from a judgment of Magistrate Hugh O'Neil.

It was claimed that Mr. Smallwood threatened voters that they would not get "a red cent" in public works and other provincial expenditures unless they voted for the Liberal candidate in the riding.

It is not known when Mr. Smallwood's trial will open.

**What....!**  
**I CAN'T PASS?**

"Now I'm really worried! They have just told me I can't get life insurance—certainly for the time being and probably never.

"Sure I've been approached before to buy—half a dozen times—but I wouldn't let anyone hurry me into it. I realize now that my family are out on

a limb, as far as their future is concerned. I'd give anything for another chance to safeguard my wife, the girls, and young Jimmie."

Your London Life representative knows from experience the danger of delay. Let him help you plan for the future NOW.

## Satellites Demand Loyalty to Moscow

Poles and Bulgars Purged If 'Crime' Is Interest In Homeland

LONDON, Oct. 31.—(AP)—Reports spread today that the rulers of Poland and Bulgaria are purging officials suspected of any taint of deviation from Moscow's brand of Communism.

Such purges have swept over Soviet satellites since Yugoslavia's Marshal Tito refused to accept the dictates of the Kremlin without question. Because of his attitude, Tito was expelled from the Russian-dominated Cominform 16 months ago and subjected to bitter propaganda attacks and economic pressure.

Warsaw buzzed with rumors of arrests, purges and shake-ups designed to rid the Polish government of political unrelies. Reports indicated that at least a minor shakeup was in process among junior government posts, combined with the weeding out of unrelies and non-Communists in other positions.

The president of Bulgaria's national assembly issued a decree yesterday announcing that Ivan Voinov, army Chief of Staff, and Ivan Bulgarsov, head of the army's political management division, had been relieved of their duties.

Meanwhile, an ominous note developed in Tito's cold war with the communists. Yugoslavia's announced that troops of Hungary, a communist member, had fired shots and grenades across the Yugoslav border for eight hours.

The U.S. Commerce Department laid today the intricate paper and training of personnel has been virtually completed for the count.

It predicted the history-making census—first ever taken in the world—first in more than 40 years. Bolivia and Uruguay will give government and business information about population, housing, recreation, industry, business, sources and needs.

The population prediction in the 21 American republics of Canada will have a total of 41,367,000,000.

Of this total, the estimate for the United States will have 159,000,000, Canada 13,000,000, Latin American republics 1,000,000.

The navy announced followed disclosure that navy and marine corps manpower will be whittled 94,801 men by next July 1 to correspond with the reduction in ships.

The breakdown in navy cutback orders was coincidental with the approval over dismissal of its top officer, Admiral Louis E. Denfeld, as its chief of staff.

**Ex-Klansman Freed**  
BIRMINGHAM, Ala., Oct. 31.—(AP)—A self-identified former Ku Klux Klan member was acquitted here of masked flouting. Coleman A. Brownie, 40-year-old, former special sheriff's deputy, was accused by the state of participating with other robed and masked men in the manhandling of Mrs. Hugh McDonald, June 10.

## Rail Safety Ignored, Union Executive Says

OTTAWA, Oct. 31.—(BUP)—Charges that Canadian railways were endangering the safety of the travelling public by not employing enough sectionmen were laid before board of transport commissioners here today.

Brotherhood of Maintenance of Way Employees will ask the board to order the railways "to see the number of sectionmen in the interests of the safety of travelling public and of the employees." J. J. O'Grady, Canadian president of the union said, "The brotherhood has been trying for years to get the railways to see the number of track men. O'Grady charged that any regulations issued by the board of transport commissioners regularly disregarded both by the railways, only because there are not enough men at some distance from the station men to carry out the regular work."

"Section foremen simply have their men plant their flags in the ground and then return to the point of the obstruction to repair the rail, taking the chance that the engineers of highpowered and fast-moving passenger and freight trains will notice the flags," he said.

**U.S. Priest Heads French Committee**  
QUEBEC, Oct. 31.—(CP)—Rev. Adrien Verette, Roman Catholic parish priest of Plymouth, N.H., was Saturday elected president of the Comité Permanent de la Survivance Française en Amérique (Committee for French Survival in America).

The committee was organized in 1937 to unite cultural activities of French-speaking groups on the North American continent.

**2 Americas Plan Census**  
WASHINGTON, Oct. 31.—(AP)—Experts from Alaska to Cape Horn are ready for C-day—Census Day. The first co-ordinated census is set for the 22 countries in North and South America.

The U.S. Commerce Department laid today the intricate paper and training of personnel has been virtually completed for the count.

It predicted the history-making census—first ever taken in the world—first in more than 40 years. Bolivia and Uruguay will give government and business information about population, housing, recreation, industry, business, sources and needs.

The population prediction in the 21 American republics of Canada will have a total of 41,367,000,000.

Of this total, the estimate for the United States will have 159,000,000, Canada 13,000,000, Latin American republics 1,000,000.

The navy announced followed disclosure that navy and marine corps manpower will be whittled 94,801 men by next July 1 to correspond with the reduction in ships.

The breakdown in navy cutback orders was coincidental with the approval over dismissal of its top officer, Admiral Louis E. Denfeld, as its chief of staff.

# Coarse Grain Futures Show Minor Changes

WINNIPEG, Oct. 31.—(CP)—Coarse grain moved narrowly in dull trade today on the Winnipeg Grain Exchange, with prices generally lower.

Both oats and barley came in for some routine shippers' demand for eastern feed requirements. Oats also was taken by American speculators, but buying on the whole fair in oats but less plentiful in barley. The October contract went for the board with little feature. Flax was bought by processors, with the October going off the board at \$2.80. The Wheat Board export price.

Prices were weaker, influenced by declines of the commodity at Chicago, selling was mostly at a commission house and local nature. Buying was for American account.

In the export business reported, 60,000 bushels of Canadian wheat were allocated to the United Kingdom under the long-term agreement. Belgium also purchased 150,000 bushels of Canadian wheat. Close two wheat prices were reduced two cents from Saturday to stand at \$2.54.

# Gold Go Against Downward Trend

## Juniors Post 10-Cent Gains; Western Oils Trading Dull

TORONTO, Oct. 31.—(CP)—Gold went against an otherwise downward trend on the Toronto Stock Exchange today, rising steadily on scattered gains in key junior producers.

Industrials slipped fractions from last week's strong gains and base metals traded easier in the face of realizations on Saturday's advances. Western oils slipped slightly. Volume was about 1,025,000 shares.

Advances ranged up to 10 cents in junior producers.

Market leaders slipped fractions in Industrials. Papers, utilities and refining oils showed margins of decline in the groupings and showing signs of slipping towards the close.

Trading was dull in western oils. Anglo-Canadian, Royal and Canadian and Edmonton showed declines ranging up to 10 cents.

## Steel Shares Push Ahead

NEW YORK, Oct. 31.—(AP)—Steel shares rose in reaction to the general downward trend of the stock market today.

The volume of trading was at the rate of 1,200,000 shares for the entire day, a little below the average of the last several days.

Motors turned definitely downward. It is also a factor throughout the day. Some of the oils were active and a little higher, but there was nothing outstanding in this group.

## Close Is Weak At Montreal

MONTREAL, Oct. 31.—(CP)—Lenses for the day's trading were near the final hour on the Montreal Stock Exchange and curb market today.

Business went along at a walk with an industrial turnover of 350 shares and a mining turnover of 75,000 shares.

In the major groups papers and utilities showed up the most losses, while senior oils and base metals were slightly off yesterday's levels.

This is the second consecutive day that prices have drifted aimlessly on the exchange.

Western oils were lower with Anglo-Canadian, Calgary and Edmonton and Consolidated Homestead on the minus side of the line.

Canadians moved lower. McIntosh alone held a gain of 1/4 cent. Canadian Pacific, Hiram Walker and Distillers Sagram each eased 1/4.

## Western Oils Slip Lower

CALGARY, Oct. 31.—Western oils were slightly off yesterday's trading on Calgary Exchange, as volume dropped to 7,000 shares.

Anglo-Canadian was 10 cents lower at \$4.40, but Calgary and Edmonton reversed the trend by 1/2 cent to \$7.10. Central Leduc rose 1/2 to \$7.25.

Dalhousie held 1/2 cent and closed at 40 1/2 for a loss of 2 1/2.

Pacific Petroleum sold at \$3.45, up five. Superior sold at 14 1/2 and Ocala was down three at \$1.50. Princess held at 20.

High, low, close and sales:

Anglo Can. 4.40, 4.40, 4.40; Atlantic 1.60; Brit. Dom. 2.75; 2.75; C and E 7.10, 7.10; Cent. Leduc 7.25, 7.25, 7.25; Coastal 2.90, 2.90, 2.90; Canadian 3.90, 3.90, 3.90; Dalhousie 47, 46 1/2, 46 1/2, 46 1/2; Leduc 24 1/2, 24 1/2, 24 1/2; Pacific 3.45, 3.45, 3.45; P. & S. 1.50, 1.50, 1.50; Hiram 1.50, 1.50, 1.50; Hiram 1.50, 1.50, 1.50; Leduc 8 1/2, 8 1/2, 8 1/2; Mercur 1.25, 1.25, 1.25; Continental 6 1/2, 6 1/2, 6 1/2; Ocala 1.50, 1.50, 1.50; Princess 20, 20, 20.

South Branch 11, 11 1/2, 11 1/2; Superior 1.50.

## BOND MARKET

MONTREAL, Oct. 31.—(CP)—Anglo-Canadian, Provincials, Municipals and Corporations were unchanged in quiet dealings on the bond market here today.

In the magazine *Science* by Dr. Clarence A. Mills of the laboratory

We now are in a period of rising temperature, and temperatures in 1990 reached about the levels of 1980, or Saskatoon, says an expert on grounds of misdirection of jury by the trial judge.

A.C., of Saskatoon, says an appeal will be made for a new trial, likely on grounds of misdirection of the jury by the trial judge.

Annual losses of world grain crops to insects and diseases amount to 63,000,000 tons.
